2019 Dental Sleep Medicine Course

April 12-13, 2019

Palais des Arts – Rond Point du Prado, 13008 MARSEILLE (France)

Preliminary EADSM programme

- Reducing existing health disparities between different groups of patients – *to be confirmed*
- Upper airway imaging in obstructive sleep apnea in adults – **Dr. R. Schwab**
- Significant anatomic measures in OSA – **Dr. J. Barrera**
- Cluster analysis for prediction of OSA therapy outcome - **Dr. J.L. Pépin**
- Recognizable Clinical Subtypes of OSA - **Dr. D. Norden**
- Optimisation of oral appliance treatment - **Dr. M. Braem**
- Gender differences in mandibular repositioning device therapy effectiveness in patients with obstructive sleep apnea syndrome – *to be confirmed*
- Agreement Between Monitoring Methods for Diagnosis of Obstructive Sleep Apnea – *to be confirmed*
- Challenges in obstructive sleep apnoea – **Dr. P. Cistulli** -

Special EADSM programme on April 11, 2019

- Accreditation exam (timing to be announced)

EADSM encourages its members to also attend the **Sleep and Breathing** meeting (sleepandbreathing.org), which takes place in the Convention Center opposite to the EADSM meeting venue.

The EADSM programme fits in with the lectures on oral appliance treatment at **Sleep and Breathing**, offering our attendees a synergistic programme.

Please do note:

Attendance to the Sleep & Breathing meeting requires a separate registration at their website.
